Adults continue to need vaccines throughout their life. The immunizations you need as an adult are determined by your age, lifestyle, health and risk conditions, type and locations of travel, and previous immunization history.

All routine adult vaccines are available at CCPHSD Immunization Clinic:

- Hepatitis A and B
- Twinrix (combination vaccine – Hepatitis A/B)
- Pneumococcal: Prevnar (PCV-13) and Pneumovax (PPSV23)
- Shingrix (shingles)
- Tetanus (Td and Tdap)
- Meningococcal B
- Menactra (MCV4)
- Human Papilloma Virus (HPV9)
- Varicella (Chickenpox – if born in 1957 or later)
- Measles, mumps, rubella (MMR)
- Seasonal Flu and High Dose Flu
